SPRING 2013

Norwood Addition Newsletter

As my dad would say:

Spring has sprung

The grass has riz,

I wonder where

The birdies iz.

While walking through the neighborhood, it has been noticed that the largest majority of the home owners/tenants have started cleaning up their yards from the winter mess. Yards are being mowed and flowers being planted. How nice those yards look. Let's all attempt to make this a beautiful neighborhood and one in which newcomers want to live. BUT, don't forget your back yard, too.

The neighborhood association is still meeting on the second Tuesday of each month in the basement of the Apostolic Church. We thank them for their generosity in letting us use their building for our meetings. You are highly encouraged to come to the meetings and find out what is happening in our area as well as in Morgantown. Each meeting begins with a monthly city crime report from a police officer. He also keeps us updated on any changes that are occurring in the police force. If you have any concerns you would like addressed, he is the person to ask. The next meeting will be June11, 7pm. Y'all come, now! Ya hear?

The city has told us that they will provide a sign to identify our neighborhood. Above are 3 possibilities. Does anyone have a better idea? We are open to suggestions. If allowed, the sign will be located on the lower side of the fire station coming up the hill from Sabraton. It would be nice to have it as you come across the bridge, but we are hopeful that a new bridge will be constructed in the near future

Upcoming Events

Neighborhood covered dish picnic, June 22, in parking lot behind fire station, in conjunction with West Virginia's Birthday

Another neighborhood yard sale, is being planned for August 17. A fee of $5.00 will be assessed for each residence that wants to participate. The association will pay for the advertising.

If you have concerns about our neighborhood or suggestions for improvement, please come to a meeting and voice your thoughts. We are also looking for suggestions for programs for each meeting. If you have suggestions, please tell one of the officers. We would like to have an informative speaker at each meeting. In the past we have had Councilman Byrnes, the city code enforcer, council candidates, the deputy city manager and Rick Bebout on the urban deer hunt. In the last 2 years more than 160 deer have been "harvested" in the city limits.
