SUBJECT: **BOND AND RATE ORDINANCES**
SUNSHINE ESTATES SEWER PROJECT
COUNCIL COMMITTEE OF THE WHOLE MEETING INFORMATION
Sept 24, 2013

This will serve as a read ahead to help you prepare for the meeting. If you have any questions please contact me prior to the meeting on Tuesday evening.

The attached ordinances will facilitate the construction of sewer system improvements to serve the Sunshine Estates area. This will be an extension of MUB's Morgantown sewer system, utilizing a connection to the Deckers Creek PSD.

This project will be financed as follows:

WV IJDC grant	\$ 820,000
Mon County Commission Grant	\$ 100,000
MUB PSC Rule 5.5 Contribution	\$ 57,700
WV DEP loan (38 years, 0.5%)	<u>\$ 662,300</u>
TOTAL	\$1,640,000

Notable is the fact that WV DEP and IJDC have pledged very favorable financing in order that this project may resolve a high priority environmental threat (the failure of a private wastewater plant).

MUB will be the formal applicant / recipient for these funds, thus the need for the Bond Ordinance.

Also notable is the fact that **the debt service to repay the proposed loan will be paid entirely by the residents that will be served by the project.** This money will be collected by MUB through a \$38 per month surcharge that will be added to their regular sewer bill. The customers will also pay a second surcharge of \$0.25 per thousand gallons for transportation through the Deckers Creek PSD system. The subject Rate Ordinance is necessary in order to add the surcharges to our existing tariff.

MUB has almost always taken a "pay as you go" approach to system expansion, wherein the customers to be served must pay the full cost of the extension. This approach, however, becomes difficult to execute when the project cost is high. With recent implementation of such surcharges, we have established an exciting new solution that allows more expensive system additions to be done, and still without subsidization by MUB.

MUB'S Bond Resolution is included as an exhibit.

I will attend the Council meeting, and will be happy to provide any further explanation that you may desire.

provided in the Prior Ordinances and this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Prior Ordinances and this Bond Legislation. All moneys at any time on deposit in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Commission the amounts required by the Prior Ordinances to pay interest on the Series 1995 Bonds, Series 2001 A Bonds, Series 2006 A Bonds, Series 2007 A Bonds, Series 2010 A Bonds, Series 2010 C Bonds, Series 2010 D Bonds, Series 2010 E Bonds, Series 2010 F Bonds, Series 2012 A Bonds and Series 2010 C Bonds.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Commission (i) the amounts required by the Prior Ordinances to pay the principal of the Prior Bonds; and (ii) to the Commission commencing 4 months prior to the first date of payment of principal of the Series 2014 A Bonds, for deposit in the Series 2014 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2014 A Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2014 A Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Commission (i) for deposit in the respective Reserve Accounts for the Prior Bonds, the amounts required by the Prior Ordinances; (ii) commencing 4 months prior to the first date of payment of principal of the Series 2014 A Bonds, if not fully funded upon issuance of the Series 2014 A Bonds or otherwise provided for pursuant to a surety bond, for deposit in the Series 2014 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2014 A Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 2014 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2014 A Bonds Reserve Requirement.

(4) The Issuer shall next, each month, transfer from the Revenue Fund and deposit in the Operation and Maintenance Fund, an amount sufficient to pay the current Operating Expenses of the System.

Withdrawals and disbursements may be made from the Depreciation Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the Reserve Accounts (except to the extent such deficiency exists because the required payments into such accounts have not, as of the date of determination of a deficiency, funded such accounts to the maximum extent required hereof) shall be promptly eliminated with moneys from the Depreciation Fund.

(6) After making all of the foregoing deposits and payments, any excess moneys then remaining in the Revenue Fund ("Surplus Revenues") may be used for any lawful purpose of the System.

Moneys in the Series 2014 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 2014 A Bonds, as the same shall become due. Moneys in the Series 2014 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the Series 2014 A Bonds, as the same shall come due, when other moneys in the Series 2014 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Series 2014 A Bonds Sinking Fund and the Series 2014 A Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2014 A Bonds Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2014 A Bonds, and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2014 A Bonds Reserve Account which results in a reduction in the balance therein to below the Series 2014 A Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2014 A Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the interest, if any, on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve account in an amount equal to the requirement thereof.

The Issuer shall not be required to make any further payments into the Series 2014 A Bonds Sinking Fund or the Series 2014 A Bonds Reserve Account, when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2014 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

The Issuer shall, on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission, the SRF Administrative Fee as set forth in the Schedule Y attached to the Bond Purchase Agreement.

Surplus Revenues may be used for any lawful purpose of the System.

D. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. G. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

H. The Gross Revenues of the System shall only be used for purposes of the System.

I. All Tap Fees, as received, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System.

Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$50,000, the Board shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Revenue Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$50,000 but not in excess of \$200,000, the Board shall first, determine, that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds of any such sale shall be deposited in the Depreciation Fund. The payment of such proceeds into the Depreciation Fund shall not reduce the amount required to be paid into such account by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Board if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$200,000 and insufficient to pay all Bonds then Outstanding, without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Notwithstanding any of the foregoing provisions of this Section 7.05 to the contrary, the Issuer hereby reserves the right to sell a tract of about 200 acres on Mayfield Road heretofore acquired for the System, which property is not being used nor is it useful for the System, such sale to be at such time and in such manner and for such price as the Issuer, with prior written approval of the Board, shall determine and without any other restrictions upon such sale insofar as this Bond Legislation is concerned. Moneys received upon any such sale under this paragraph, after deduction of all costs of such sale, shall be deposited in the Revenue Fund.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2014 A Bonds and the Prior Bonds. All obligations issued by the Issuer after the issuance of the Series 2014 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2014 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts established by this Bond Legislation have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2014 A Bonds, and the interest, if any, thereon, upon any of the income and revenues of the System pledged for payment of the Series 2014 A Bonds and the interest, if any, thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinances shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2014 A Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the DEP and without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Ordinances).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2014 A Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of design, acquisition or construction of extensions, additions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the City Clerk a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such

Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the City Clerk prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds. For purposes of this test, the terms "Gross Revenues" and "Net Revenues" shall not include proceeds from the sale of capital assets.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Gross Revenues of the System, and their source of and security for payment from the Gross Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Series 2014 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2014 A Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation and the Prior Ordinances, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation and the Prior Ordinances.

Section 7.08. Books, Records and Audit. The Board shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Board shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Board shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Board shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Board will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Board. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Board. The Board shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Board shall be reported to such agent of the Issuer as the Board shall direct.

The Board shall file with the Authority and the DEP, or any other original purchaser of the Series 2014 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2014 A Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations payable from the revenues of the System outstanding.

The Board shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountant (and to the extent legally required, in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof), and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountant, or a summary thereof, to any Holder or Holders of the Series 2014 A Bonds and shall submit said report to the Authority and the DEP, or any other original purchaser of the Series 2014 A Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if there are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Bond Purchase Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Bond Purchase Agreement or as promulgated from time to time.

The Board shall permit the Authority and the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Board shall also provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2014 A Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the City Clerk, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be

sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2014 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2014 A Bonds, including the Prior Bonds; provided, that in the event that amounts equal to or in excess of the reserve requirements are on deposit in the Series 2014 A Bonds Reserve Account, and any reserve accounts for obligations on a parity with the Series 2014 A Bonds are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2014 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2014 A Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinances described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Board shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Board shall each month complete a "Monthly Financial Report," a form of which is attached to the Bond Purchase Agreement, and forward a copy of such report to the Authority and the DEP by the 20th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Board shall obtain a certificate of the Consulting Engineers in the form attached to the Bond Purchase Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the DEP is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Board shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the DEP covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority and the DEP and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Record Drawings, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Bond Purchase Agreement as Exhibit A, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all state and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Bond Purchase Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

The Issuer shall serve the additional customers at the location(s) as set forth in Certificate of Engineer. The Issuer shall not reduce the amount of additional customers served by the project without the prior written approval of the Board of the Water Development Authority (the "Authority"). Following completion of the Project the Issuer shall certify to the Authority the number of customers added to the System.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Board will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the stormwater portion of the System and any services and facilities of the waterworks portion of the System, to all users of the services of the stormwater system delinquent in payment of charges for the services of the stormwater system and will not restore such services of either the waterworks system or the stormwater system until all delinquent charges for the services of the stormwater system, plus reasonable interest and penalty charges

for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the waterworks facilities are not owned by the Issuer, the Issuer shall use diligent efforts to enter into a termination agreement with the provider of such water services, subject to any required approval of such agreements by the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Board will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer or the Board, or any department, agency, instrumentality, officer or employee of either shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer, the Board and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Board hereby covenants and agrees that so long as the Series 2014 A Bonds remain Outstanding, the Board will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Board will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Depreciation Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Depreciation Fund. The Board will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Board, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Bond Purchase Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the Board, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Board from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to

protect the Issuer and the Board from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKERS' COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT OR COMPLETION BONDS, such bonds to be in the amounts of not less than 100% of the amount of any construction contract and to be required of each contractor dealing directly with the Board and such payment bonds will be filed with the Clerk of the County Commission of the County in which such work is to be performed prior to commencement of construction of any additions, extensions or improvements for the System in compliance with West Virginia Code, Section 38-2-39.

(4) FIDELITY BONDS will be provided as to every officer and employee of the Board or the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

(5) FLOOD INSURANCE, if the System facilities are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(6) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Board shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Board shall verify such bonds prior to commencement of construction.

The Board shall also require all contractors engaged in the construction of the Project to carry such workers' compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the DEP. The Board shall verify such insurance prior to commencement of construction. In the event the Bond Purchase Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the Board, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Mandatory Use. The mandatory use of the stormwater facilities of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer. Accordingly, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, every owner, tenant or occupant

of any real property located near the stormwater portion of the System, and where stormwater from real property affects or drains into the stormwater portion of the System, shall be deemed to be a user served by the stormwater portion of the System and it is declared that the mandatory use of the stormwater portion of the System by such real property owner is necessary and essential for the health and welfare of the inhabitants and residents of the Issuer and the State. To the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, every such owner, tenant or occupant shall, after a 30-day notice of the availability of the stormwater portion of the System, pay the rates and charges established therefor.

Section 7.17. Completion of Project; Permits and Orders. The Board shall complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Board has obtained all permits required by state and federal laws for the acquisition and construction of the Project, all orders and approvals from the Council and the DEP necessary for the acquisition and construction of the Project and the operation of the System and all approvals for issuance of the Series 2014 A Bonds required by state law, with all requisite appeal periods having expired without successful appeal and the Issuer shall supply an opinion of counsel to such effect.

Section 7.18. Compliance with Bond Purchase Agreement and Law. The Issuer and the Board shall perform, satisfy and comply with all the terms and conditions of the Bond Purchase Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer and the Board shall provide the DEP with copies of all documents submitted to the Authority.

The Issuer and the Board shall also comply with all applicable laws, rules and regulations issued by the Authority and the DEP or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

The Issuer shall perform an annual maintenance audit which maintenance audit shall be submitted to the Authority and the Public Service Commission of West Virginia in the manner prescribed by and the guidelines established by the Authority and the Public Service Commission of West Virginia.

Section 7.19. RESERVED.

Section 7.20. Securities Laws Compliance. The Issuer shall provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.21. Contracts; Change Orders; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2014 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the DEP for written approval. The Issuer shall obtain the written approval of the DEP before expending any proceeds of the Series 2014 A Bonds held in "contingency" as set forth in the schedule attached to the Certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the DEP before expending any proceeds of the Series 2014 A Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding as being provided by the Authority and the DEP in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

For the further protection of the Holders of the Series 2014 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2014 A Bonds, and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this

section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2014 A Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest, if any, on the Series 2014 A Bonds from gross income for federal income tax purposes.

Section 8.02. Covenants as to Use of Proceeds. The Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2014 A Bonds as may be necessary in order to maintain the status of the Series 2014 A Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2014 A Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the Council, as the case may be, from which the proceeds of the Series 2014 A Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or the Council, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Ordinance.

The Issuer shall annually furnish to the Authority, information with respect to the Issuer's use of the proceeds of the Series 2014 A Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2014 A Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on any Series 2014 A Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2014 A Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2014 A Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer or Board files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Ordinances.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided however, that all rights and remedies of the Holders of the Series 2014 A Bonds shall be on a parity with those of the Holders of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default,

any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

SUBJECT: **Odor Complaint – Riverfront Park**

We acknowledge that an odor issue persists at our Deckers Creek sewage pumping station, at the Riverfront Park. We have been working diligently to find a solution.

Ironically, this problem results because of steps we have taken to improve the performance of the station and the protection of the environment. And the problem appears to result from a combination of factors.

Prior to the improvements, we had to take the station offline and divert its incoming flow to the river in order to clean the wet well. Those cleanings would take 3-4 days and would be performed 2-3 times per year. Although the diversion of sewage to the river was always done with DEP's knowledge, it clearly presented a poor public perception and was often criticized. In addition, the cleaning of the wet well was difficult to access and to perform.

In order to improve the cleaning procedures, we installed a new grit chamber to intercept debris prior to the wet well. The grit chamber is configured with bypass piping that allows the station to stay in operation while the grit chamber is cleaned. Diversion of flow to the river is no longer necessary. That's good. But, the grit chamber is smaller than the wet well, and it must be cleaned more often – about 1-3 days every 4 – 8 weeks. That cleaning operation temporarily releases concentrated odors. We usually try to schedule the cleaning work during rainy periods to help suppress the odors.

One solution under consideration is to modify the cleaning procedure and/or to utilize different equipment, so that air emissions from these periodic activities are reduced. A review of alternate equipment and procedures is underway.

A second improvement recently constructed was an odor control system. The system functions by filtering the air to remove the odor, and the treated air is blown from the treatment unit into the airspace outside the facility. The system is a biological one that relies upon living organisms, and therefore must remain constantly in service in order to sustain the organisms. We have given great care to ensure that the operation of the system has been fully optimized,

and measurements confirm that it usually achieves 100% removal of hydrogen sulfide (the dominant odor compound emitted from sewage facilities).

The tentative assessment of the function of this system is that it is too exclusively focused on a single odor source, and (although it removes that source well) it leaves other sources untreated. This is compounded by the fact that the (partially) treated air is blown from the building, which previously remained sealed when it was untreated. Thus, we have replaced a former small volume of concentrated odor that remained relatively contained, and have traded it for a current slightly odorous, higher volume of air that is constantly emitted. This sometimes leaves a low grade odor present in the area.

We will probably need to supplement the existing odor control system with another that addresses the remaining odors. We are in the process now of identifying potential supplemental systems. Once that is done, and a selection is made, we will proceed to an appropriate design.

Because the current odor control system is biological, we must leave it in service while these analyses are underway. Once we de-activate it, it will take 1-2 months for it to return to service. For these reasons, and unfortunately, the low grade odor will have to continue for an undetermined period.

Once the studies are completed, we can, if necessary, then turn the current odor control system off and re-seal the building until the corrections are implemented. Similarly, we can extend the interval between cleanings, so that the frequency of stronger odor releases is reduced.

Our team of engineers and consultants is highly motivated to find an appropriate solution, and to implement it as soon as possible. A more definite plan and schedule of improvements will be developed as the necessary information is collected.

In the event that the Lessor's Work is not substantially complete as set forth in this Section within five (5) of the Start Date, the accrual of rents shall likewise be delayed by one day for each day of delay of completion after the Start Date. In addition, if the Lessor fails to complete the Lessor's Work thirty (30) days after the Start Date, the Lessee shall be entitled to immediately terminate this Lease upon written notice to the Lessor, if so desired.

Lessor's Work to be completed pursuant to this Section, if any:

 - (iii) Installation of voice/data for phone, fax, computer, and other such information technology uses. Permission includes all wire, additional outlets, closet racks, and connectivity.
 - (iv) Installation of mounted materials such as pictures, bulletin boards, white boards, chalk boards, interior signage, or any other audio/visual or materials, electronic or otherwise.
 - (v) Tenant shall provide design and desired location for any exterior signage and present to Lessor for permission to create and place at Tenant's expense; such approval shall not be unreasonably withheld.
- c. Future Alterations. In the event structural or other changes to the Premises are desired during the term, the Lessee shall first deem the request compliant with W. Va. Code §18B-19-12 (f), being necessary for the proper, efficient, and economically sound operation of the Tenant's program, and will consult with the Lessor for permission and decision of work performance by the Lessors resources or for permission to have the work performed by the Lessee or Tenant's resources. If the alteration is to be completed by the Lessor at his cost and expense, the Lessee and/or Tenant shall reimburse the Lessor in lump sum or reappraise and renegotiate the Lease to amortize such expenses.

14. NEGLIGENCE OF PREMISES

The Lessee covenants that it shall not commit waste on the Premises herein leased, and the Premises will be returned to the Lessor at the termination of this Lease in substantially as good condition as at the commencement thereof, damages from reasonable wear and tear, natural elements, normal depreciation and decay excepted.

15. TRANSFER OR ASSIGNMENT OF LEASE

The Lessee shall have the right to assign, reassign, or transfer this Lease contingent upon the prior written approval of the Lessor.

16. SUBORDINATION AND NONDISTURBANCE

- a. Subordination and Nondisturbance. The Lessor shall have the right to place upon the building and underlying real property any mortgages which the Lessor or its lender(s) deem advisable. Such mortgages shall have priority over this Lease and the Lessee's and Tenant's rights hereunder. At the Lessor's request, the Lessee shall execute any and all instruments, the form of which must conform to the State of West Virginia's Constitution and laws, necessary to subordinate this Lease to any such mortgages, provided that each such mortgagee executes a non-disturbance agreement which provides that so long as the Lessee or Tenant is not in default of this Lease, Lessee's and Tenant's right to possession of the Premises and other rights under this Lease, including, without limitation, any options to renew, rights of first refusal, and right to terminate, shall not be affected or disturbed by the mortgagee in the exercise of any of its rights or remedies against the Lessor, nor shall the Lessee or Tenant be named as a party defendant to any foreclosure of the lien or mortgage. Furthermore, the Lessee shall, within thirty (30) days after receipt of a request therefore, execute and deliver to the Lessor an estoppel certificate setting forth the name of both the Lessee and Tenant, the date of this Lease, a description of the Premises and the Rent payable therefore, certifying that this Lease is in full force and effect, and certifying that the Lessor is not in default of this Lease or specifically enumerating any outstanding events of default by the Lessor.
- b. Attornment. In the event that the Lessor's mortgagee or any other person acquires title to the Premises pursuant to the exercise of any remedy provided for in its mortgage, the Lessee agrees to attorn to such transferee as its new Lessor via an agreement in conformance with the State of West Virginia's Constitution and laws, and this Lease shall continue in full force and effect as a direct lease between the Lessee and such transferee, upon all of the terms and conditions contained herein.

17. DEFAULT

In the event any party defaults in any of the covenants contained herein, the requesting party shall notify the other, in writing, of such default and if such default is not corrected within fifteen (15) days after receipt of notification, unless a shorter correction period is required elsewhere in this Lease, the requesting party may notify the other party that the Lease is terminated, without further obligation, and reenter/vacate the Premises herein leased.

18. TAXES AND ASSESSMENTS

The Lessor will pay taxes and assessments levied on the Premises during the term of this lease.

19. TOBACCO FREE FACILITY

The Lessor agrees to assist the Lessee and Tenant in maintaining the Premises as a tobacco free environment in accordance with the policy of the Lessee. WVU has implemented a tobacco free policy to provide a smoke-free and tobacco-free environment for the University community. Smoking or use of any tobacco or other similar products is prohibited in all buildings, facilities, and lands of WVU and applies to all locations including each branch campus, each off-campus location, and to the leased Premises under the tenancy of WVU. The Premises shall be tobacco free, but if the entire facility containing the Premises is not capable of same, the Lessor agrees to assist the Lessee and Tenant in minimally designating one tobacco free entrance/exit, if at all possible.

20. PARKING

The Lessor agrees to provide, at no additional cost to the Lessee, free employee and visitor parking spaces immediately adjacent to the Premises.

21. PROVISIONS FOR IMMEDIATE TERMINATION

In addition to the other events set forth herein which permit the immediate termination of this Lease, pursuant to provisions of W.Va. Code §18B-19-12 (e) (1), the Lessee shall have the right to cancel this lease, without further obligation on the part of the Lessee, upon giving thirty (30) days' written notice to the Lessor, such notice being given at least thirty (30) days prior to the last day of the succeeding month,

It is further agreed by and between the parties hereto that this Lease shall be considered canceled, pursuant to provisions of W.Va. Code §18B-19-12 (e) (2), without further obligation on the part of the Lessee, if, as determined by the Lessee, Lessee's granting source, Tenant's granting source, West Virginia State Legislature, or the Federal Government should subsequently fail to appropriate sufficient funds therefor, or should otherwise act to impair this lease or cause it to be canceled, or in the event it shall become unlawful for the Premises to be used. In any event aforementioned, the

Lessee may immediately redeliver possession of the Premises to the Lessor and thereupon be relieved from any and all obligations hereunder or concerning the Premises except for rent accruing prior to such date of redelivery.

If the Tenant shall continue in possession of the Premises beyond said three (3) month holdover period, such continued possession shall be considered an extension of this Lease from month to month until terminated by either party as of the end of any calendar month on not less than thirty (30) days prior written notice, and during such month to month tenancy, all terms and conditions of this Lease shall remain in full force and effect.

- e. Force Majeure. If either party shall be delayed in the performance of any act required hereunder by reason of strikes, lockouts, inability to procure labor or materials, riots, insurrections, wars, catastrophic events or other reasons beyond the reasonable control of such party, then performance of such act shall be extended for a period equivalent to the period of such delay.
- f. Authority. The Lessor hereby represents and warrants that it owns the building and underlying real property in fee simple. Each party represents and warrants that it is fully authorized to execute this Lease without obtaining the consent of any third party.
- g. Binding Effect. All the terms and conditions of this Lease shall be binding upon and inure to the benefit of legal representatives, successors, and assigns of the parties.

- i. Construction. The language used in this Lease was mutually negotiated by the parties and shall not be construed for or against either party. The headings in this Lease are for convenience only and are not to be construed as a part of this Lease or in any way defining, limiting, modifying or amplifying the provisions hereof. Time is of the essence of this Lease and of every term, covenant, and condition hereof.
- j. Severability. If any provision of this Lease is rendered void or invalid by the decision of any court or by the enactment of any Law, such provision will be deemed to have never been included herein and the remainder of the Lease shall continue in full force and effect.
- k. Entire Agreement. This Lease constitutes the entire understanding between the parties. Any representation, obligation, term or condition not contained herein is not binding on the parties.
- l. Multiple Counterparts. This Lease may be executed in multiple counterparts, each of which shall constitute an original and which taken together, shall constitute one and the same Lease.
