

Norwood Super Yard Sale

Saturday August 17, 2013

8AM to ? PM

Start collecting your unwanted items and get them ready to sell. Remember that your trash is someone else's treasure. Last year we had 12 households participate. There are approximately 100 plus households in the Norwood Addition. Let's see if we can't get at least 25 sales this year. There were a lot of customers and many of the comments that were heard included the fact that they liked neighborhood sales as they could "hit" many sales in one small area. Each household will control their own sale. A fee of \$5 will enable the association to cover the costs of the advertising for you. This will include 5 days in the newspaper, radio and TV. University students will be returning and looking for items for their new home for the next year. Children's clothing and toys, tools, and household furnishings sell well. The disposal of unsold items is your responsibility. There are many resale and consignment shops in the area that benefit a variety of nonprofit organizations. Choose your favorite charity. Start collecting and GOOD LUCK
