ANNOUNCEMENT PLANNING COMMISSION WORKSHOP

The Planning Commission is scheduled to consider zoning text amendments relating to urban agriculture on Monday, April 27, 2015. The community is invited to attend this hearing to learn more about the Morgantown Municipal Green Team's efforts to promote urban agriculture and discuss proposed zoning text amendments intended to remove barriers to urban agriculture uses and opportunities.

Development Services Director Christopher M. Fletcher stated that, "Public interest in accessing fresh, locally grown, wholesome foods has long been supported across the country and more and more urban communities are evaluating their zoning regulations accordingly. With the assistance and leadership of the Morgantown Municipal Green Team and its volunteers, our community is working to reduce regulatory barriers and promote urban agricultural opportunities."
