

*If I Was Mayor*

By: Cearah

*If I was mayor I would make the roads nicer and the grass greener. It would be a very nice place to visit and to live. The houses would shine and the kids would laugh, run and play all day.*

*First I would fix the potholes and the roads. I would fix the potholes because nobody likes to drive over them and sometimes you can't drive around them. I would have them make new roads and fix the old roads. I think this is a good idea because I have rode on some of the old roads and one they are in bad condition and two they are almost always busy.*

*I would also make more restaurants be both eat-in and take-out so families could spend more time together instead of having the parents talk and the kids talk at once.*

*I also think that every month stores like Wal-Mart and Sam's club should give money and some food to charities, so the kids and pets could have something to eat and nice clothes to wear and some wear to sleep.*

*If I were mayor I would have them build more office buildings so people can have better jobs and a better future. I would also have them give more money to schools so the teachers get paid more and the kids would have a better education and could go on more field trips to experience more things like moss and leaves.*
