If I were mayor I would...

If I were mayor I would band cigarettes and still say no drugs. Limit beer so no one gets drunk. I don't want anybody getting drunk, getting in a car, crashing the car, and either dying getting hurt or hurting somebody else.

If I were mayor I would have funraisers to save the rainforest. I would make fireproof houses. I would eventualy give back beer and invent a self driving car.

If I were mayor I would make sure nobody would be homeless. I would end world hunger. I would also make sure that nobody gets bullied.
