

IF I WAS MAYOR

If I was Mayor I would reduce the amount of taxes. I would build a family land and it would be open every day so families can do fun things together. I would also build a plaque museum and all of the plaques that honor someone important from that city will be held there.

I would have more public parks and areas to have picnics. I would also have a museum of natural history. As Mayor I would build more areas for children ages two to five to play.

If you wanted to lower your taxes you can volunteer. I would make more spaces to park at the football stadium. I would have the workers make more areas to shop and play around the city. That is what I would do as Mayor.
