

# Mission

## Morgantown Legal Department

The Morgantown Legal Department serves as chief legal counsel to the City Manager, City Administration and City Council; provides a full range of legal services to the municipal corporation, as would any in-house corporate counsel, and prosecutes all offenders of municipal ordinances. The primary mission of the Legal Department continues to be the provision of immediate and quality legal service.

# Vision

Morgantown Legal Department

To be able to meet the expanding and growing workload placed upon the Department without sacrificing the quality of its work product, and while limiting, to the greatest extent possible, the outsourcing of work to legal firms.

# Legal Department Metrics
