MORGANTOWN POLICE DEPARTMENT

Trash Compliance

On September 6, 2005 The Morgantown City Council amended the ordinance regarding trash service in the "Trash District" formerly the "Everyday pick up area". The new ordinance will be implemented during the Fall 2005 semester as the students return to class. In this Trash District, BFI/Allied Waste will be providing its customers with "Back Door Service". This service will eliminate having trash bags or cans out on the streets. Residents in this District will be required to use a heavy-duty 90-gallon toter provided by BFI/Allied Waste. The toters will be placed in the rear or side of the residence so it is out of view from the general public. The toters have serial numbers and they will be assigned by BFI/Allied Waste to each customer.

No deposit will be required for the toter(s) if the customer participates in one of the following three (3) convenient methods to pay for services:

- Quick Pay - Credit Card information will be obtained and 3 months of service will be charged at the time of sign up. After sign up, the credit card will be automatically charged on a monthly basis thereafter.

- Payment for six months of service.

- Payment for the entire lease period. If the lease is for 1 year the renter will be charged for 11 months of service. If lease is greater than 1 year, an adjustment will be made accordingly.

All garbage is to be bagged, tied and placed inside the toter. There is to be no loose garbage in, on or around the toter. If one (1) toter is not sufficient to handle the amount of trash it is required that you obtain additional toters. Side walks, steps and walkways must be kept clean of debris/snow to avoid delays in trash pickup.

If a resident has more than one item to set out, he/she must contact BFI/Allied Waste and make arrangements for a special pick up before setting the items out. The cost will be set by BFI/Allied Waste and it is determined by volume. Example: A sofa is acceptable. Tires WILL NOT be accepted.

Construction supplies/materials set out for collection WILL NOT BE TAKEN. Carpet must be cut, bundled and less than four-foot in length. Air conditioners and/or refrigerators MUST have freon reclaimed by a certified Technician and have a sticker displayed stating this has been completed.
