

ARPA - Small Business Assistance Grants

Information & Application Process

Background Information

The City of Morgantown, through the use of American Rescue Plan Act (ARPA) funds, has developed a Small Business Assistance Grant (SBAG) Program in partnership with the Small Business Administration. This SBAG seeks to assist eligible businesses that were affected by the COVID-19 pandemic's economic impact, as well as entice new businesses that may not have opened due to the pandemic. The City of Morgantown encourages local business expansion and retention, as well as spurs new business in the City by providing monetary resources.

The Morgantown SBAG is a reimbursable grant designed to assist businesses by providing up to \$20,000 in grant monies. The grant monies will help locally owned small businesses maintain commercial vibrancy in the historic downtown area of Morgantown and other key business areas of the City. The guidelines for this new and innovative grant will be based on Economic Vitality, one of the four points of the Main Street Morgantown Program. Economic Vitality focuses on capital, incentives, and other economic and financial tools to assist new and existing businesses, catalyze property development, and create a supportive environment for entrepreneurs and innovators that drive local economies.

Uses Of Funds

Assistance to small businesses includes, but is not limited to:

- Fixed Assets
- Funds to implement COVID-19 prevention or mitigation tactics, such as physical plant changes to enable social distancing, enhanced cleaning efforts, barriers or partitions, or COVID-19 vaccination, testing, or contact tracing programs; and
- Funds to mitigate financial hardship such as declines in revenues or impacts of periods of business closure, for example by supporting payroll and benefits costs, costs to retain employees, mortgage, rent, or utilities costs, and other operating costs;
- Funds for technical assistance, counseling, or other services to assist with business planning needs
- Marketing
- Other technology that allows business to operate online.
- Other expenses the business can justify is related to the COVID-19 pandemic.

Program Funding

All grant funds are allocated and administered by the City of Morgantown based on the funds available and number of requests under consideration. The money is in the form of a grant, not a loan, and grants up to \$20,000.00 are available.

While there is no grant match required, having a match may make your application more competitive. Please indicate in your application if you are contributing additional funds beyond what is requested in this application.

Eligibility

This grant is available to existing and potential new businesses and is geared at revitalizing the downtown and wharf district, but applications from businesses outside of the downtown business district will be considered on a case-by-case basis (must be within City limits).

The applicant must show that the funding is necessary for the business to remain in operation or to operate successful in the “era of COVID” and that the business continues to be financially impacted by the pandemic.

The business must be up to date on all local taxes, fees, and licensing.

The business must provide a Federal Employment Identification Number (FEIN).

Application Scoring Criteria

The review committee will review and score at each application individually for completeness and strength of application. Depending on the number of applications and available funds, applications may be scored against other applications. The City reserves the right to award or deny award of any application as it determines use of ARPA fund eligibility, best use of funds, or other criteria. Applications will be scored, at minimum, on the following criteria”

- Feasibility of proposal
- Extent to which grant will help address an acute business need or help a business owner implement innovative solutions to address COVID-19-related challenges
- Opportunity for other businesses to learn from work
- Business’ contribution to the local community
- How the grant will help improve the viability of business
- Strength of letters of support and other supporting documents

Additional Information Needed

- Documentation showing loss of business income is COVID 19 related.
- Business financials to include, Income Statement (or Profit and Loss Statement) which is no more than one (1) year old and/or Business Balance Sheet which is no more than one (1) year old, or most recent tax return.
